

THE SCHOOL OF ARCHITECTURE AND DESIGN

Seunghae Lee, Interim Dean

Annex South 101F

(617) 989-4041

Vision

To position our college and prepare our students for leadership in design and the built environment professions.

Mission

In the School of Architecture and Design, students learn to design, construct, adapt, and manage the built environment in ways that reflect the highest standards of technological innovation, craftsmanship, and sustainability. Students acquire skills, knowledge, and habits of thought and practice that allow them to create lives of meaning and purpose as engaged citizens and productive and creative professionals.
