

THE SCHOOL OF MANAGEMENT

John Cribbs, Dean

Annex South 101B
(617) -989-4909

Vision

To be influential leaders who prepare our students to become forward-thinking, inspired managers and global industry leaders in the fields of business and construction.

Mission

Our mission is to develop transformative, global industry leaders who are equipped to solve our most challenging and technical management problems through application of innovative and analytical thinking within the fields of business, construction and the sustainable built environment.
