**Franz Rueckert, Interim Dean**

Ira Allen 317

(617) 989-4355

## Mission

The School of Sciences and Humanities is essential to the education of all students at Wentworth Institute of Technology. Our school provides students in all disciplines with a deeper understanding of the foundations of their work, as well as the global challenges that require innovation and creativity. Courses and programs emphasize critical thinking, problem solving, data interpretation, ethics, and diverse communication and leadership skills. Our students hone the professional skills and theoretical expertise that distinguish them, beyond their specialization, as self-motivated and engaged citizens who possess the ability to adapt to the evolving future requirements of society.

## Vision

To be recognized as a provider of cutting-edge interdisciplinary education that will offer students opportunities for personal growth and creativity, which will serve as the cornerstone of their successful careers.

The School of Sciences and Humanities offers a Bachelor of Science in Applied Science and eight minors.

- The Bachelor of Science in Applied Science (BSAS) degree offers a thorough grounding in biology, chemistry, and physics. The program is focused on the interdisciplinary nature of science and trains students with the technical skills for research, laboratory investigation, and scientific computing.

## Minors offered in the School of Sciences and Humanities

- American Studies
- Biology
- Chemistry
- Media, Culture and Communication Studies
- Physics
- Science, Technology and Society
- Performing Arts (COF only)
- Sustainability (COF only)
